

2021-2022 Candidate School Questionnaire

Candidate School: **Bladen Early Community College High School**

Office: **Eastern District High School Chair**

Student Designee: Christian Spillers Advisor: Robin Donaldson

1) How does your school plan to fulfill the responsibilities of this position?

My school plans to fulfill the responsibilities of the position of the Eastern District Chair by taking it head on and be prepared for what anyone throws at us. Our school is known for being a good school and we care for each other like we are family. Bladen Early College is a school that takes full responsibility for our actions, good or bad and we plan to take action at any time that we need to.

2) What are your student council qualifications for this position?

If we are being completely honest this is my first year in student council and I really do love it so far something I have done in student council is join the NCASC leader conference a few months ago and that was really fun and we did some things like collect can goods and collect clothes. But outside of the student council some of my accomplishments are winning 3rd place in science olympiad, winning top 3 in the art fair 3 years in a row, and I stay on my feet when it comes to getting ready to help people.

3) Why did your student council decide to be a candidate for this position?

I didn't pick myself to fill this position. Our student council advisor (teacher) Dr. Donaldson asked me to take on the responsibility for this position and I said yes. The reason she asked me to take on this position is because she said "you are dedicated to the student council and improving our school."

4) What are your Student Council's goals as a NCASC state or district officer school?

My goals for my student council goal as a NCASC district officer is to make a difference in the smallest or biggest way possible in our community and our school. We want to inspire other schools and other communities to be a change.
