

2021-2022 Candidate School Questionnaire

Candidate School: **Forest Hills High School**
Office: **Western District Chair**
Student Designee: Abigail Corley Adviser: Christi Ponder

1. How does your school plan to fulfill the responsibilities of this position?

Having years of experience with NCASC events, our Student Council is reliable and will hold ourselves accountable in this position. We have a reputation for being a very involved student council within the NCASC and we plan on continuing that. Our council will use many different resources to spread awareness of the NCASC. We also have meaningful relationships with several different schools within Union County and the Western District, this will ensure that our Western District Conference will be a success.

2. What are your Student Council's qualifications for this position?

Our Student Council served as the 2018-1019 First Vice President where we organized the awards ceremony and structured a state fundraising campaign for Victory Junction which included laying the groundwork for the NCASC to participate in the Run For Victory. Our council was also elected as the Western District Vice Chair for the 20-21 school year, in which we assisted the district chair in planning a fall conference. The conference included a session entitled "Why NCASC?", that our council planned, which was designed to get student leaders excited about NCASC. These positions are our greatest qualifications for the position of Western District Chair. Our council is full of diversity and we work together to deliberately bring many new ideas to the table.

3. Why did your Student Council decide to be a candidate for this position?

Our Student Council has always been enthusiastic when it comes to Western District Conferences. A long-term goal of our council has been to hold one of our own conferences because we feel, with all of our experience with NCASC, we have the ability to provide a successful event! We believe that this position will be a great opportunity to stay involved within the NCASC and encourage more involvement within our district as well. We feel comfortable planning and hosting a Western District Conference with the assistance of other student councils, both inside our district and outside.

4. What are your Student Council's goals as a NCASC state or district officer school?

Our Student Council's goals as a NCASC district officer school is to meet the needs of everyone. Our ideal Western District conference would be to provide an environment where students can socialize and interact with each other through different leadership activities. FHHS wants to provide high quality skillshops and ensure that every student learns something new. Our school is comfortable with holding this conference whether it's being held virtually or being held in person. Due to COVID-19, interacting with people has been very difficult and we wish to try and change that.
