

2021-2022 Candidate School Questionnaire

Candidate School **North Surry High School**
Office **Western District High School Vice Chair**
Student Designee: Jacey Ward Advisor: Daron Atkins

1. How does your school plan to fulfill the responsibilities of this position?

North Surry has a long reputation of serving on the district and state level as officers in the NCASC. Our school supports the council fully. Our student delegate representative and all of the student council members will work together to fulfill the responsibilities of the District High School Vice Chair. We prepared to preside at any district meeting if the chairman school cannot attend. We are also fully prepared and excited to attend all district and state Executive board meetings and send a delegation to the summer workshop at Mars Hill and state convention. Working alongside the other Western District officers, we are excited to help plan the District Leadership Conference. The numbers for high school and middle school membership in the NCASC are not as high as they should be. Due to these circumstances, promoting association membership is crucial. We plan to promote events and activities among the high schools and middle schools in the district through different platforms such as social media and in person. We will fulfill any other responsibilities assigned to us by the district director.

2. What are your Student Council's qualifications for this position?

As previously stated, North Surry has been the Western District High School Chair and Vice-Chair in the past, along with other positions such as NCASC President School, hosting the state convention in 2014. With this experience, we believe we can fulfill all the responsibilities that are prompted to us as Vice-Chair. We are a dedicated school who enjoys and takes pride in being involved with NCASC.

3. Why did your Student Council decide to be a candidate for this position?

We were excited to see the open opportunity that was placed in front of us. We had a goal to get back into involvement with district affairs and believed we could achieve this. We really enjoy being a part of NCASC and believe that we could bring maturity and experience back into the game, while also having a sense of freshness, with me never holding a district/state office before.

4. What are your Student Council's goals as a NCASC state or district officer school?

We definitely want to advocate and promote membership within the NCASC. Hosting events to promote association is unmistakably a goal of ours along with posting on social media and promoting verbally to other schools and even to other counties. We want to bring leadership skills and the experiences that we get through NCASC to as many students as we can both locally and within the district. We also assist as an influential part in the District Leadership Conference.
