

# 2021-2022 Candidate School Questionnaire

Candidate School      **Piedmont High School**  
Office                    **Communications Officer School**  
Student Designee:    Reagan McManus                    Advisor:                    Annette Harris

## 1. How does your school plan to fulfill the responsibilities of this position?

Piedmont's Student Government will fulfill these responsibilities by making sure the NCASC website is updated regularly and designed in an easy and accessible way for everyone. We will also strive to maintain an informative social media presence including clear infographics, entertaining videos, and polls geared toward students throughout the state. We plan to use these polls to revise our social media and website to create a more helpful and engaging platform for sharing. We plan to establish communication with every non-member school in North Carolina so that we may facilitate the growth of the North Carolina Association of Student Councils. We will do this by communicating the same information to non-member schools as we do to member schools. This will create a more welcoming environment and, hopefully, inspire non-member schools to join the NCASC. We plan to create the most efficient network of communication for the Executive Board. This is possible by gaining information about individual schools to determine their specific needs. We will then use this information to tailor our system to adapt to the overall needs of this organization.

## 2. What are your Student Council's qualifications for this position?

Piedmont High School's Student Government has been very involved in the North Carolina Association of Student Councils over the past few years. Our Student Government has an exceptional history within the NCASC. In October 2019, Piedmont High school hosted a successful Western District Conference and is currently in the process of preparing for hosting the 2021 North Carolina State Convention. Piedmont High School is dedicated to making leadership as accessible as possible. We believe we are qualified for this position because of our commitment to furthering the image of the NCASC and to serving the schools of North Carolina.

## 3. Why did your Student Council decide to be a candidate for this position?

Our Piedmont High School's Student Government has thoroughly enjoyed being a part of the NCASC Executive Board and would like to continue with our involvement in any way possible. Piedmont High School is excited to take on a new role inside of the Executive Board and continue being a contributing school in the NCASC. The position of Communication Officer School would be a great fit for Piedmont because we understand that a successful communication system is essential to a well-functioning organization. Piedmont's Student Government wants to be able to continue contributing to the smooth running of the NCASC by making sure the office of communications is filled with the most dedicated, enthusiastic, and hard-working school.

## 4. What are your Student Council's goals as an NCASC state or district officer school?

As a state officer school, our goals are to make sure every member and non-member school in North Carolina receives the same information about state events and opportunities. From this effort, we also hope to assist every individual school in growing in their student council, and their place in the NCASC. As a member school of the executive board and as a state officer school, our main goal is to create an effective network of communication for the ongoing functioning of the NCASC as it works to support the overall goals of the organization and individual schools. We believe that this will lead to many non-member schools making the decision to joining the NCASC as they see how prepared this system has become to support them as individual schools and as members of NCASC.
